

I want someone to help me...

Teach

Collaborate, co-teach, and reserve the Lower School Computer Science Lab

Brainstorm Curricular Ties

Enhance your current curriculum with student blogs, programming, podcasting, iPad apps, assessment, etc.

Create Digital Student Portfolios

Document student learning, empower your students to be reflective, and share with families

Collaborate Globally

Start conversations, take action, and make a difference with classes, authors, scientists, and others outside of Lab

Build a Professional Learning Network (PLN)

Grow and learn by networking with other educators and experts

Enhance Communication

Share classroom learning with others through Schoology, Twitter, blogging, photo sharing, etc.

Resolve iPad/ Computer Issues

i.e. software installation, crashing apps, updates, etc.

Maintain Equipment and Machines

i.e. printer set-up, low toner, jammed printers, Elmo or Interactive White Board issues, etc.

Reserve an iCart

Visit www.ucls.uchicago.edu/faculty-staff/icart-reservations

Receive E-mail Support

i.e. set-up an e-mail account, access a class e-mail list, etc.

Connect to WiFi

i.e. employee or guest WiFi access

Use PowerSchool

i.e. attendance entry, grade book support, contact information, etc.

E-mail your request and availability to webhelpdesk@ucls.uchicago.edu and include the subject line "Educational Technology Support"

E-mail your support request to webhelpdesk@ucls.uchicago.edu and include the subject line "Technical Support"

I want to independently...

Reserve a Classroom iCart

1. Visit www.ucls.uchicago.edu
2. Click "Faculty/Staff"
3. Click "Reserve an iCart"

Teach a Class in the LS Lab

To reserve the LS computer lab to teach your own students, you should sign up in S203*

* Open Lab times and guidelines will be established and shared in coming weeks. In the interim, all students should be accompanied by their teachers in the lab.
